# **The UFO Challenge:**

What Does This Mean?

9 a.m. Saturday, Oct. 19, 2019

Emmanuel Lutheran Church; 800 S. Military St.; Dearborn, MI 48124

Emmanuel Lutheran Church is presenting her thirteenth annual apologetic conference. If you are a triscadecaphobian you might consider avoiding the UFO Challenge, yet if you are prone to superstition (belief in things God has not promised) this might just be a can't-miss event for YOU. Who is not fascinated by UFO's and who would not want to know what they are?! But then, they would no long be unidentified!

The purpose of this presentation is to allow you to wade deeply into the quagmire of fascinating theories as to what those strange lights in the sky might be. In the midst of the various theories as to what or who stands behind them, you will be guided by experts to take a logical and systematic approach in order to sort through the various interpretations given. Insights will be given from the Christian/Biblical/Christ-centered perspective.

Five presentations will be given during the course of the day. They will each mix videos giving data and information to be digested with further information offered by Pastor Baseley of Emmanuel Lutheran Church which will highlight and emphasize the points raised and evaluate them from a Biblical perspective.

*The UFO Challenge* will also address with concrete examples how the lore of UFO's in the media, especially movies, powerfully and elegantly are geared not only to vividly entertain and hold one's attention, but to inspire faith in a progressive view of mankind that see man improving (and even becoming as god) without any need for God's revelation in Christ, His Son.

*The UFO Challenge* will encourage the faithful, inform those curious about UFO's, and give a serious warning against misleading hopes of seeking man's salvation and help from the stars instead of Christ

## **This presentation will answer questions such as these:**

1. What are UFO's and what are people saying (believing) about them?
2. How can one rationally approach all the UFO information that is or is not available?
3. Does the Big Bang contribute to belief in UFO's? Is the Big Bang believable?
4. What is the meaning of "2001, a Space Odyssey"? What does it teach about god and man?
5. What religion is actually being promoted through UFO beliefs/hopes?

## Conference Schedule

# The UFO Challenge

hosted by Emmanuel Lutheran Church

Saturday, October 19, 2019

✂   ✂   ✂

9 a.m.: ***The Confusing World of UFO enthusiasts.***

Various experts in the field of UFology are consulted to express the wide range of beliefs, hopes and dreads projected on UFO's and their alien pilots. This video will also illustrate how Jesus is often brought into the discussion. A short comparison will be drawn between UFO and religious beliefs. Such faith's cannot necessarily be disproved but support for them relies upon confirmation bias as 'proof.'

10 a.m.: ***An audio presentation by Walter Martin,*** the late great Christian apologist and cult-slayer will give the listener a riveting example of a Christian apologetic by a master. Martin brings his Christian listener to a lucid and reasonable conclusion on UFO's. Brief discussion after the presentation will include some relevant Scriptural warnings from Jesus.

11:15 a.m. ***Some Science: The Big Bang's Influence on Evolution w.r.t. UFO's;*** While Big Bang promotes an alien source over evolution; recently revealed evidence that does not support the Big Bang affirms the unique position of the earth in the universe (Geocentricity).

### Noon – Lunch

12:45 p.m. ***How to handle the media: the Meaning of 2001 A Space Odyssey. Salvation through progressive improvement (divinization) vs. Salvation as God's gift.***

1:45 p.m. ***Two Religions in every religious conflict and conspiracy.*** This last video prepares you for next year's topic: Gnosticism, where our presenter will be the wonderful and prophetic scholar who published his work Gnostic America, the Rev. Peter Burfeind.
