

Dear Operation Layette Ladies,

Thank you so much for all your hard work and wonderful gifts for our new mothers and babies. The mothers love all the wonderful items in your layette bundles. The cloth diapers are often exclaimed over and really help our breast feeding mothers. Clean and absorbent items are often very expensive and hard to come by for them. Having all these items in a bundle is so convenient when a mother seeking help, who is not necessarily our client, but comes through the door of the church with so little for her new baby. May God Bless all of you for your love shown to the mothers and babies of The Luke Project 52 Clinic.

Blessings,

Kim Eiswerth

Team Lead Benjamin's Closet
