

President's Report
Council of Lutheran Women
Board Meeting
August 22, 2022

After my election as the President of the Council of Lutheran Women, Past President Lucie Witte made sure that I received the historical records for the Council of Lutheran Women. The Council of Lutheran Women came into being in 1964. Friends, that was the year I graduated from High School. I have always known that our Council of Lutheran Women here in the Detroit area is something very special. This kind of organization which brings together the Michigan District and the English District churches located in the Detroit area. And as far as I know, does not exist in any other place in the United States, (Although according to our history records, we modeled our CLW after something similar that existed in Cleveland). I look forward to continuing to serve you and all of our area churches to the best of my ability. Lots of friendships are made here along with helping many of the service organizations of the LCMS in our area.
