

Dear Council of Lutheran Women,

Thank you so much for your generous financial gift! With college debt, housing costs, and other expenses it was much needed and appreciated. I am currently about halfway through my first quarter at seminary and have done well on my first quizzes and papers. While things are moving faster than college, I am adjusting well, and am trying to soak everything in that will best prepare me for the Office of the Holy Ministry. It is a great blessing from the Lord that I am able to be here. Please keep me in your prayers, and I will keep you in mine!

In Christ,

William Ebe)
