

Dear Council of Lutheran Women,

I just wanted to write a quick letter of thanks for the check you all sent to me. As I continue my studies this 2nd year I am finding that strain of a tight budget never goes away. Your aid is both encouraging, but also allows students such as myself even the ability to attend the seminary. So from the bottom of my heart thank you for all that you continue to do for me and other students. God's blessings this new year.

Sincerely, Seminarian Alexander Eiden
