Council of Lutheran Women

The Council of Lutheran Women once again showed itself in its care for the Lutheran Women of Detroit. What a wonderful gathering we had at our luncheon to celebrate 37 women who love their Lord and Savior, Jesus Christ and live that in their every day life. 497 people joined together to honor these women. What a wonderful day it always is – to be able to be together – to run into people we've known from other times and churches. This is a day we look forward to every year. And most important to have the joy of serving our Lord Jesus Christ. And while we are doing that – to lift each other up. Thank you for all the work that each of you do in running this organization.
