Fall Semester Recap 2023

Greetings Supporters and friends!

This semester has looked very different from any other so far during my seminary education. That is because I am now in Florida for my vicarage! I started back at the beginning of August so I am about 2-3 months in. My vicarage church is Bethlehem Lutheran Church in Jacksonville Beach, Florida. I am preaching regularly and am in charge of 7th grade confirmation and youth group. I am also doing a Bible study on Thursday mornings as well as house visits to the homebound. It has been a very good experience so far and I am learning a lot!

On top of that I am also watching my son, Seamus, grow quickly! He is now 7 months old. He is crawling around and has four teeth now! He also is getting close to saying his first words! It certainly has been challenging trying to balance everything in this busy life. My wife, Fiona, is also doing well with her job. She works from home as a nurse recruiter and also takes care of Seamus when I am away.

Thank you so much for your contributions and support during my time here at the seminary!

Your friends in Christ,

Sean, Fiona, and Seamus
